- 9-6. Which of the following units are the basic construction/military support unit(s) of a naval mobile construction battalion?
1. Work crew/automatic weapons team
 2. Work crew/heavy weapons team
 3. Work crew/rifle fire team
 4. Each of the above
- 9-7. What are the three steps of a logistics plan?
1. Analysis, procurement, and delivery
 2. Determination of requirements, procurement, and distribution
 3. Determination of requirements, procurement, and storage
 4. Procurement, storage, and distribution

- 9-8. In the preparation of any logistic plan, what is the initial step?
1. Collect media
 2. Distribute supplies
 3. Determine requirements
 4. Determine storage areas
- 9-9. Which of the following basic elements of logistics is/are controlled primarily by the civilian element of the defense structure?
1. Planning
 2. Procurement
 3. Distribution
 4. Requirements
- 9-10. The overall duties of Supply Corps officers can be equated to those of
1. financial managers
 2. personnel managers
 3. business administrators
 4. data processing administrators
- 9-11. Who has the responsibility for the overall management of the Supply Corps?
1. Chief of Naval Personnel
 2. Chief of Naval Operations
 3. Commander, Naval Supply Corps
 4. Commander, Naval Supply Systems Command
- 9-12. What is the main source of ensigns for the Supply Corps?
1. OCS
 2. NROTC
 3. Naval Academy
 4. Line officer transfers
- 9-13. On which of the following subjects would a student at the Navy Supply Corps School receive instruction?
1. Basic supply management
 2. Automatic data processing
 3. Sophisticated management techniques
 4. Each of the above
- 9-14. A Supply Corps officer is to attend the transportation management courses at the Naval Supply Center in Oakland, California. Which of the following subjects will be included in the course?
1. Logistics, law, and personnel administration
 2. Warehousing, stevedoring, and traffic management
 3. Procurement, merchandising, and financial management
 4. Storage, textiles, and computer systems
- 9-15. What is the primary mission of the Bureau of Medicine and Surgery (BUMED)?
1. To safeguard the health of the Navy and Marine Corps
 2. To train personnel as doctors and dentists
 3. To promote programs of medical and dental research
 4. To increase professional competence of doctors and dentists
- 9-16. Who serves as the Chief of BUMED?
1. Commander, Bureau of Medicine and Surgery
 2. Surgeon General of the United States
 3. Commander, Navy Medical Department
 4. Surgeon General of the Navy
- 9-17. When and where was the first naval hospital opened?
1. 1830; Portsmouth, Virginia
 2. 1811; Portsmouth, Virginia
 3. 1830; Norfolk, Virginia
 4. 1811; Washington, D.C.
- 9-18. Chaplains have the responsibility to ensure the constitutional right of "free exercise of religion" for each person in their command.
1. True
 2. False

- 9-19. Chaplains conduct divine services using
1. their own consciences
 2. Navy and Marine Corps regulations
 3. customs, traditions, and regulations of their own churches
 4. customs and traditions of the Navy and Marine Corps

 3. Both 1 and 2 above
 4. Law centers and legal offices
- 9-24. In 1973, the Naval Legal Service was established with offices and branch offices in areas with large concentrations of naval activities. One of the main purposes of this reorganization was to make trial and defense counsels independent of
1. the JAG corps
 2. the fleet commander
 3. the Office of the General Counsel
 4. court-martial convening authorities
- 9-25. Which of the following data could be a form of classified information?
1. Microforms and hardware configuration briefing charts
 2. Circuit boards in equipment and paper documents
 3. Telephone conversations and automatic data processing storage media
 4. Each of the above
- | |
|--|
| <p>A. Secret</p> <p>B. Top Secret</p> <p>C. Confidential</p> <p>D. Restricted Data</p> |
|--|
- 9-26. Applies to information which, after unauthorized disclosure could cause identifiable damage to the national security.
1. A
 2. B
 3. C
 4. D

Figure 9A.--Security classifications.

IN ANSWERING QUESTIONS 9-26 THROUGH 9-28, SELECT THE SECURITY CLASSIFICATION FROM FIGURE 9A WHICH IS DESCRIBED IN THE STATEMENTS.

- 9-27. Applies to information which, after unauthorized disclosure, could cause exceptionally grave damage to the national security.
1. A
 2. B
 3. C
 4. D
- 9-28. Applies to information which, after unauthorized disclosure, could cause serious damage to the national security.
1. A
 2. B
 3. C
 4. D
- 9-29. The President has determined that designated Navy officials may classify information only if it falls under certain categories of information. Of the following categories, which one would NOT require classification?
1. Government programs for safeguarding nuclear weapons
 2. A list of foreign news correspondents who supply information to the United States government
 3. Historical data on past events released to the press
 4. Vulnerabilities for capabilities of weapons systems
- 9-30. Which of the following espionage events actually occurred?
1. A Marine Corps private first class deserted his post and offered to sell military information to the Soviet embassy
 2. A Navy chief petty officer took classified material home as personal study material
 3. A Navy ensign mailed classified information to a foreign embassy in an attempt to raise money for his girlfriend
 4. Each of the above
- 9-31. Who is responsible for guarding the personal safety and national security of the United States?
1. The President
 2. All Navy officers
 3. All Navy personnel
 4. All Navy personnel with a security clearance
- 9-32. Which of the following steps has the government taken to safeguard the critical nature of intelligence work?
1. Imposed strict security regulations
 2. Assigned only officers to intelligence organizations
 3. Coordinated intelligence agencies with the CIA
 4. Each of the above
- 9-33. What segment of intelligence gathering would be used by top-level leaders that could affect the security and welfare of the nation?
1. Air intelligence
 2. Counterintelligence
 3. Strategic intelligence
 4. Operational intelligence
- 9-34. Of the following, which is an example of counterintelligence?
1. Collecting information about actual enemies
 2. Collecting and disseminating information about potential enemies
 3. Keeping biographical dossiers on the leaders of all countries
 4. Thwarting intelligence efforts employed against the United States

- 9-35. For the purpose of reaching sound decisions which are vital to the nations security, how is information related to intelligence?
1. Information is refined intelligence
 2. Information and intelligence are synonymous
 3. Intelligence is information that has been evaluated
 4. Intelligence is raw information and information is the finished product
- 9-36. Who supervises the intelligence efforts of the U.S. Navy?
1. Chief of Information
 2. Chief of Naval Operations
 3. Director of Naval Intelligence
 4. Commander, Naval Intelligence Command
- 9-37. Who is responsible for the management and control of the research, development, test, and evaluation matters of the Navy?
1. Assistant Secretary of the Navy for Research, Engineering, and Systems
 2. Chief of Naval Operations
 3. Chief of Naval Research
 4. Secretary of the Navy
- 9-38. The Office of Naval Research has which of the following function(s)?
1. Conducting the Navy's exploratory development programs
 2. Conducting the basic research programs of the Navy
 3. Managing the Navy's research laboratories
 4. Both 2 and 3 above
- 9-39. What is the function of the Office of Naval Technology?
1. To serve as principal adviser to Assistant Secretary of the Navy for Research Engineering, and Systems
 2. To conduct the Navy's exploratory development program
 3. To oversee the Navy's basic research programs
 4. To supervise installation of new weapons systems on Navy ships
- 9-40. The Naval Research Laboratory (NRL) is considered to be the Navy's corporate laboratory.
1. True
 2. False
- A. Detail design and construction
 B. Feasibility studies
 C. Preliminary design
 D. Contract design
- Figure 9B.--Ship design phase.
- IN ANSWERING QUESTIONS 9-41 THROUGH 9-44, SELECT THE SHIP DESIGN PHASE IN FIGURE 9B WHICH IS DESCRIBED IN THE STATEMENT.
- 9-41. Alternative ship designs are drawn.
1. A
 2. B
 3. C
 4. D
- 9-42. Ships are actually built.
1. A
 2. B
 3. C
 4. D
- 9-43. Selected alternative ship design plans are developed.
1. A
 2. B
 3. C
 4. D

- 9-44. The shipbuilder establishes costs and schedules for ship construction.
1. A
 2. B
 3. C
 4. D
- 9-45. Protective equipment for shipboard personnel is designed for which of the following purposes?
1. To protect personnel from everyday hazards in the workplace
 2. To protect personnel from the effects of enemy weapons
 3. To protect personnel from the effects of peacetime accidents
 4. Each of the above
- 9-46. During which of the following missions was a Marxist state defeated for the first time by U.S. forces?
1. The Korean Conflict
 2. The Vietnam Conflict
 3. The invasion of Grenada
 4. The Invasion of Panama
- 9-47. What is the motto of the U.S. Marine Corps?
1. Semper Fidelis (Always Faithful)
 2. Semper Paratus (Always Prepared)
 3. Sic Semper Tyrannis (Thus Always to Tyrants)

- 9-49. The name "Devil Dogs" was given to the U.S. Marines (a) in what particular battle and (b) by whom?
1. (a) Meuse-Argonne (b) the French
 2. (a) Belleau Wood (b) the Germans
 3. (a) Belleau Wood (b) the French
 4. (a) Meuse-Argonne (b) the Germans
- 9-50. Which of the following is/are a primary function of the Marine Corps?
1. To provide Fleet Marine Forces for services essential to the prosecution of a naval campaign
 2. To provide detachments for service on armed Navy vessels and for security of naval stations and bases
 3. To develop doctrines, tactics, and equipment used by landing forces during the conduct of amphibious operations
 4. Each of the above
- 9-51. In matters pertaining directly to the Marine Corps, the Marine Corps Commandant's status is equivalent to which of the following persons?
1. Any other member of the Joint Chiefs of Staff
 2. The Chief of Naval Personnel
 3. The Secretary of the Navy
 4. The Judge Advocate General
- 9-52. What is the primary mission of the Fleet Marine Force?
1. To seize and defend advanced bases
 2. To supply tactical air support
 3. To serve as occupation forces
 4. To guard naval supply depots
- 9-53. The basic Marine Corps ground organization capable of sustained combat is referred to as a
1. company
 2. division
 3. battalion
 4. regiment

- 9-54. What is the basic tactical unit of a Marine division?
1. Infantry battalion
 2. Platoon
 3. Company
 4. Squad
- 9-55. The M-60 Tank is the model used in the Marine Corps today. Which of the following statements describes the capability of the M-60 tank?
1. It can climb a grade of 65 degrees
 2. It can cross 8 1/2-foot ditches
 3. Its armament includes a 155mm howitzer
 4. It can travel at 45 mph
- 9-56. To retrieve disabled vehicles, the Marine Corps uses which of the following amphibian vehicles?
1. LVTC-7
 2. LVTP-7
 3. LVTR-7
 4. Each of the above
- 9-57. Which of the following artillery pieces used by the Marine Corps is the most accurate?
1. 8-inch self-propelled howitzer
 2. 175-mm self-propelled gun
 3. 155-mm towed howitzer
 4. 105-mm towed howitzer
- 9-58. Which of the following aircraft is NOT used by the Marine Corps?
1. F/A-18 Hornet
 2. F-14 Tomcat
 3. KC-130 Hercules
 4. A-6 Intruder
- 9-59. Four graduates of the Naval Academy who demonstrated equal ability apply for commissions as officers in the Marine Corps. Which one will be given preference for appointment as a second lieutenant?
1. Son of a United States Senator
 2. Daughter of a career Marine
